Objective

- ❖ Full-stack Developer with 1 year of experience specializing in Next.js and the MERN stack (MongoDB, Express.js, React.js, Node.js), with additional exposure to .NET Core (MVC) and MS SQL. Proficient in building scalable, responsive web applications using modern JavaScript, React, and RESTful APIs. Skilled in crafting clean, maintainable code with a strong focus on performance, user experience, and full-stack integration. Experienced in front-end development with React and Next.js, and back-end development with Node.js and Express, alongside basic experience with ASP.NET for enterprise applications.

PROJECTS

Expense Tracker (Skills: Next.js, React, Tailwind CSS, Framer Motion, Nodemailer)

- ❖ Developed a dynamic expense tracking application allowing users to manage expenses with add, edit, and delete functionalities.
- ❖ Utilized Next.js for optimized performance and server-side rendering, improving SEO and load times.
- ❖ Integrated Framer Motion for smooth animations and Nodemailer for real-time email notifications.
- ❖ Applied utility-first styling with Tailwind CSS for rapid UI development and consistent design patterns.

IISERVZ Official Website (Skills: Next.js, React, Tailwind CSS, SEO Optimization)

- ❖ Created the official business website from scratch using Next.js, focusing on speed, SEO optimization, and a professional user interface.
- ❖ Implemented responsive design with Tailwind CSS and followed best practices for accessibility and performance.
- ❖ Delivered a fast-loading, scalable frontend architecture that boosted online visibility and engagement.

TaskDoc – Document Management App (Skills: React, Redux Toolkit, Node.js, Express, MongoDB, JWT, Cloudinary)

- ❖ Built a full-stack MERN application supporting secure document and task management with JWT-based authentication.
- ❖ Designed CRUD APIs in Node.js with Express, integrated Cloudinary for file uploads, and implemented robust state management using Redux Toolkit.
- ❖ Ensured data security through authentication and role-based access control, enhancing enterprise usability.
- ❖ Structured MongoDB schemas for document metadata and user activity logs, optimizing query performance.
- ❖ Focused on modular architecture and clean code principles for long-term maintainability.

Personal Portfolio Website (Skills: Next.js, React, Tailwind CSS, Framer Motion, Nodemailer)

- ❖ Designed and deployed a modern, fully responsive portfolio site to showcase personal projects and technical skills.
- ❖ Used Next.js for static site generation and faster performance, enhancing user experience and SEO.
- ❖ Integrated Framer Motion for animation and Nodemailer to enable secure contact form functionality.

HR2Grow – Attendance API (Skills: .NET 9, MS SQL, REST API, C#)

- ❖ Engineered a RESTful API using .NET 9 to fetch real-time employee attendance records using client-specific identifiers.
- ❖ Designed scalable MS SQL schemas and queries for reliable performance across large datasets.
- ❖ Applied clean architecture principles and tested endpoints for robustness and error handling.
- ❖ Integrated seamlessly into HR dashboards for streamlined reporting and operational efficiency.

EXPERIENCE

IISERVZ | Software Engineer | Noida, IN

Sept 2024 - April 2025

- ❖ Engineered modular and extensible backend components for customer support systems, prioritizing scalability, maintainability, and clean architecture.
- ❖ Built and optimized RESTful APIs to streamline service communication, enhance system responsiveness, and support real-time user interactions.
- ❖ Designed and maintained relational database schemas using SQL-based systems (e.g., Oracle, MS SQL), ensuring data integrity, indexing efficiency, and high query performance.

CORE SKILLS/TOOLS

- ❖ **Frontend** : HTML5, CSS3, Bootstrap, JavaScript (ES6+), React.js, Tailwind CSS
- ❖ **Backend**: Node.js, Express.js, RESTful APIs, Mongoose, .NET Core, ASP.NET MVC
- ❖ **Database** : MongoDB, MS SQL
- ❖ **Version Control & Collaboration** : Git, GitHub

EDUCATION

- ❖ **Master in Computer Applications** Aug 2021 - Sept 2023
AKTU, LUCKNOW
- ❖ **Bachelor in Computer Applications** Aug 2017 - Nov 2020
CCSU, MEERUT
